MORE WELLS FOR TOYAH OIL BELT

Lubricating Oil Deposits De-
veloped—Big Springs to
Have New Church.

Big Springs, Texas, March 22.—The
Toyah oil basin is developing into a
high grade lubricating oil field. Oil
in great quantities has been found, and
a test shows it to be the same high
grade valve oil as was found in the
first oil sand at 140 feet. Six carloads
of casing and tubing are being un-
loaded there now, and three more rigs
will be erected, one due north 1000 feet,
and the other due east 1500 feet.

J. W. Martin, of Toyah, was here on
his way to Austin on land business.

Mrs. Harry Cochran, of El Paso, was
here visiting friends.
Fox Stripling and J. S. Cordell have
purchased 100 feet frontage opposite
the new passenger depot. It is rumored
that a five story hotel will be erected
on the corner. Eighty dollars per front
foot was paid for the same, and it will
be worth \$250 within one year.

Two carloads of bank furniture have
been unloaded here. This furniture is
for the new Bank of Soash, with W.
P. Soash as president.

The members of the Methodist church
are contemplating erecting a suitable
building for their congregation in the
near future. The building will cost
about \$45,000, and will be one of the
most handsome and substantial build-
ings in west Texas.

The new residence of Geo. W. Tam-
sitt, the general foreman of the T. P.
Railway company, is now completed,
and he is now occupying the same.

LINCOLN COUNTY'S FIGHT OVER THE COURTHOUSE

Considerable Feeling Has
Been Engendered Over
Effort at Removal.

The fight between Lincoln and Car-
rizzo for the county seat of Lincoln
county New Mexico, is in no wise di-
minishing, but on the contrary, appears
to be getting hotter. The people of
Lincoln have filed suit in court to test
the validity of the act under which the
removal was voted and have even taken
steps to have congress repeal or dis-
prove the bill. The people of Carrizzo,
however, are confident of the validity
of the measure and also have the back-
ing of the attorney general of the ter-
ritory in their fight, he having declared
that every move has been legal. The
Carrizzo people point to the large ma-
jority in favor of the removal of the
county seat to Carrizzo as an illustration
of the sentiment of the voters of the
county in favor of removing the
county seat and courthouse to a rail-
road; at present, with the county seat
at Lincoln, many voters claim that it is
so far removed from railroad transpor-
tation that it is a great inconvenience
and burdens to transact business or at-
tend court there.

The Lincoln and Captain people have
sent The Herald a statement of their
side of the case, which follows:

Lincoln, N. M., March 7.

Editor El Paso Herald:
Two of the county commissioners for
Lincoln county (the third one dissent-
ing), have submitted to the attorney
general of the territory, a statement
based on the point of view, as to the
legality of their actions and desires to
issue bonds for \$25,000 to build a court-
house and jail at the extreme west end
of the county, at the town of Carrizzo.

The opinion rendered by the attorney
general has been published in full in
the Carrizzo News, for the purpose of
creating public opinion in favor of Car-
rizzo, and in aid of those in Carrizzo
who have townships to sell to the public.

The people of the town of Lincoln
and those residing on the east side of
the White mountains, have suits pend-
ing in the courts that will finally de-
termine the legality of the proposed
bond issue, and all moves in an effort
to move the county seat away from
the historic town of Lincoln.

It seems somewhat strange to the
people here that the attorney general
of this territory, knowing that such
suits are pending in court will in ad-
vance of a court decision, render an
opinion on these cases.

The attorney general even says in
his opinion that council bill No. 86, un-
der which the attempted county seat
removal is being made, is a lawful en-
actment and he cites a Pennsylvania
court decision to sustain his contention.

If the honorable attorney general will
take time to read and study the decision
of the supreme court of the United
States, Field v. Clark, 143 U. S., re-
quiring an enactment to be signed by
presiding officers, he may change his
opinion as to the legality of council bill
No. 86, and if he will further study
state court decisions he will find that
in all the states where, as in this ter-
ritory, the common law is the rule of
practice and decision, that the journals
of the council and house cannot be
looked upon to determine the means
used to pass an act through the legis-
lature, but instead, in a judicial in-
quiry to determine the validity of an
act, the original bill on file in the se-
cretary's office, is the sole expositor of
its contents, and any evidence other
than the original bill, as to the method
of its passage, is not admissible. People
v. Devlin, 33 N. Y. 289; 88 Am. Dec.
377. People v. Chenango County, 8 N.
Y. 327. Sumner v. New York, etc. R.
Co. 130 N. Y. 92. Sherman v. Story,
30 Cal. 253, 275; 89 Am. Dec. 93; Peo-
ple v. Burt, 48 Cal. 569; Pacific R. Co.
v. Governor, 23 Mo. 363; 66 Am. Dec.
673. State v. Young, 32 N. J. L. 23; Wil-
liams v. Taylor, 84 Tex. 461.

There has been introduced in the
lower house of congress and referred
to the proper committee, a resolution to
annul and disprove the enactment
council bill No. 86, which the attorney
general in his opinion, pronounces to
be a fair and wise law.

If it is a fair and wise law we wish
to ask why did the people of Sierra and
other counties in this territory, ask
congress to set it aside as a vicious leg-
islation enacted at the instance of con-
sulate boomers for their personal aggran-
dizement?

COBLENTZ ANXIOUS TO CLOSE SATURDAYS

Would Like to Get Away
Himself on Saturday Af-
ternoons, He Says.

M. Coblentz, who is an advocate of
Saturday closing, said this morning: "If
Calisher's and the Popular will close
Saturday afternoons during the sum-
mer I will close, too. The merchants are
now doing a bigger business than when
they kept open Sunday mornings and
while they close at 6 every evening but
Saturday, they do a better business than
when they kept open until 7 o'clock."

"The matter of the payroll is a poor
argument against Saturday closing; it
could easily be arranged, if for one want
to close so that I can go to Clondroft or
elsewhere to spend Saturday night and
Sunday. If the two other stores engaged
in the same business as we are will close,
then I will also close Saturday afternoon
during the summer months."

RAIN NEEDED AT WILLCOX, ARIZ.

Garden Truck on Market—
Thousands of Fruit
Trees Set Out.

Willcox, Ariz., March 22.—Range con-
ditions in this vicinity are very poor,
and range cattle likewise in bad con-
dition. A slight shower of rain gave
hopes of a downpour, but as yet it has
not arrived.

Garden truck of an excellent quality
from nearby ranches has been on the
market here for some time, regardless
of dry weather. Thousands of fruit
trees have been set out during the past
60 days and a recent canvass of the
farmers close to Willcox, show that
thousands of acres of grain, fruit and
vegetables will be planted this season.

Miss Rafaela Soto has left for Cana-
nea, Mexico, for an extended stay.

A. B. Churchill has returned from
Corpus Christi, Texas.

Prof. S. L. Caldwell has fenced his
homestead and will install a pumping
plant soon.

Willcox now boasts of an ice cream
parlor and first class news stand.

Uncle Jimmy Waters, the newly ap-
pointed night watchman, extinguished
two small fires during a night.

The Cleora Smith Mining company has
recently received several carloads of
lumber, machinery and cement. De-
velopment work is very active.

MONTEREY MAN HAS LEG BROKEN IN RUNAWAY.

Monterey, N. M., March 22.—A Bailey
was thrown from his wagon and re-
ceived several bruises and a broken leg.
Mr. Bailey hitched up his horse about
2:30 o'clock and started to the depot.
The horse became frightened at a dog
and ran away. It ran about a block
west, then turned the corner south, to-
ward the depot. In turning the corner
Mr. Bailey was thrown out and had
his leg broken.

Treating The Wrong Disease

Many times women call on their family physicians, suffering, as they
imagine, one from dyspepsia, another from heart disease, another from
liver or kidney disease, another from nervous prostration, another with
pain here and there, and in this way they present alike to themselves
and their easy-going or over-busy doctor, separate diseases, for which
he, assuming them to be such, prescribes his pills and potions. In
reality they are all only symptoms caused by some weakness or derange-
ment of the organs distinctly feminine. The physician, ignorant of the
cause of suffering, keeps up his treatment until large bills are made.
The suffering patient gets no better by reason of the wrong treat-
ment, but probably worse. A proper medicine like Dr. Pierce's Fa-
vorite Prescription, directed to the cause would have entirely removed the disease, thereby
dispelling all those distressing symptoms, and instituting comfort instead of prolonged
misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by
an experienced and skillful physician, and adapted to woman's delicate system.
It is made of native American medicinal roots without the use of alcohol
and is perfectly harmless in its effects—in any condition of the female system.

As a powerful, invigorating tonic "Fa-
vorite Prescription" imparts strength to
the whole system and to the organs dis-
tinctly feminine in particular. For over-
worked, "worn-out," "run-down," debilitated
teachers, milliners, dressmakers, seam-
stresses, "shop-girls," house-keepers, nur-
sing mothers, and feeble women generally,
Dr. Pierce's Favorite Prescription is the
greatest earthly boon, being unequalled
as an appetizing cordial and restorative
tonic.

As a soothing and strengthening nerv-

ine "Favorite Prescription" is unequalled
and is invaluable in allaying and subduing
nervous excitability, irritability, nervous
exhaustion, nervous prostration, neuralgia,
hysteria, spasms, St. Vitus's dance, and
other distressing, nervous symptoms com-
monly attendant upon functional and or-
ganic disease of the distinctly feminine
organs. It induces refreshing sleep and
relieves mental anxiety and despondency.
Dr. Pierce's Pleasant Pellets invigorate
the stomach, liver and bowels. One to
three a dose. Easy to take as candy.

EVERY WOMAN ought to possess Dr. Pierce's great book, the People's Common Sense Medical
Adviser, a magnificent thousand-page illustrated volume. It teaches mothers how to care for their
children and themselves. It is the best doctor to have in the house in case of emergency. Over half
a million copies were sold at \$1.50 each, but one free copy in paper-covers will be sent on receipt of
21 one-cent stamps to pay the cost of mailing only; or send 31 stamps for a handsome cloth-bound
copy. Address the publishers, World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.
